MISSION

The Cascabel Conservation Association is dedicated to the collaborative stewardship of the Middle San Pedro River watershed in a way that promotes the health, stability and diversity of the whole community, including its earth, waters, plants, and animals. We strive to integrate the needs of the land with the needs of a sustainable human community through educational, economic, agricultural, contemplative and other conservation related endeavors.

COMMUNITY

CCA opens itself to the community. It has a friendly and supportive relation with the Saguaro-Juniper Corporation, sharing a common Covenant, adjacent land and similar purposes. It also partners with the Lower San Pedro Watershed Alliance, Cascabel Community Center, the Cascabel Working Group, and is a member organization of the Lower San Pedro Collaborative, the Land Trust Alliance, and the Coalition for Sonoran

Desert Protection. Furthermore, it is open to you. CCA operates in a consensual manner and your voice and participation are welcome.

FINANCES

In keeping with its integrative approach to the human and natural community, CCA seeks simplicity, equality and justice in financial matters, offering all services at no fee or minimal cost. CCA is run primarily by volunteers, and staff members work for minimal or no compensation. Nonetheless, financial support is required for expenses (such as office, infrastructure, insurance, vehicles, etc.) and the sustainability of our programs.

We would like to invite your participation in CCA by becoming a member (no fee required), or by donation (no membership required), or both. Donations are tax deductible.
